ADZ9 F 13-5

Dam of 2008 IllinoisRes Champ Gilt
and granddam of 2008 WPX
Champion Gilt

RRG8 PSSS Holy Cow 1-4, Yes his is POSITIVE. And he is a genetic powerhouse. Phenotypically, he is loaded with BONE, MUSCLE, RIB, DEPTH and SUPER SOUND. Lets talk about genetics. Holy Cow sired the 2008 Poland WPX Champion Barrow who was also the Reserve Grand Champion Barrow over all breeds. Now comes the dam's side. A genetic powerhouse starting with the KKK6 F 3-8, Indiana Class wining gilt and littermate to Extreme Makeover. KKK6 F 3-8 is the grandmother of the 2008 WPX Champion gilt who was also the 2008 STC Reserve Champion Junior Poland gilt. KKK6 F 3-8 was also the dam of Illinios Reserve Champion Gilt. Look at the power on Dam side. Black Cat is the sire of KKK6 F 3-8. I don't need to tell anyone in Southwest about Black Cat and all his accomplishments. Black Cat was the top selling Bow Flexx son at 2005 STC.
