

RRG8 S 5-5 is a unique combination of some of the best genetics in the Poland breed; both present and past. As a special note, **RRG8 S 5-5** has the genetics of the three highest ranking Poland sires as ranked in the "2008 Herdsire" listing. **Midnight Express**, who is the No. 1 sires, is a 3/4 brother to Fixit (5 S 27-10 is littermate to Midnight Express' s dam and both are sired by Qwik Fix). **RRG8 S 5-5** is sired by **Holy Cow**, No 2 Poland Sires. JWP4 Sunrise 22-13 sired the No 3 boar on the list, **RJW5 Sunrise 65-7**. But these genetics alone do nothing if the gilt does not represent her ancestry well. But folks, I am telling right now, this gilt is flat out good. Study the pedigree and then come visit us in Belton to see what happens when you put this much genetic fire power in one package. She is good.
